🐙 <https://github.com/dquerales/>

A Electrical Engineer (specialized in electronics) looking for an entry level data science position to fulfill my curiosity (and also play) in the big world of data

Skills

- Experience with SQL, MySQL
- Tableau or Power BI
- Excel
- Working experience with Python
- Familiarity with the basic principles of data modeling
- Familiarity with revision control (git)

Related Projects

Data Exploration: Two years of COVID

A data exploration project of the COVID-19 dataset using tools like SQL and Tableau.

Machine Learning: Predicting stock prices with Linear Regression

A data analysis & machine learning project to predict TSLA stock prices using the Python libraries like Pandas, Numpy, SKlearn and Plotly.

Education

Engineer's Degree in Electrical Engineering | 2008-2019

Universidad Central de Venezuela

Mention in Electronics, Computer Science and Control Systems

Work Experience

Freelancer | 2019-2022

Hardware Description, Numerical Methods and Control Systems
